

## Three Candidates Vie for City Council Seats

Three candidates, Doris Harland, Dennis Sloan, and Gordon Thompson, will contend for two city council seats in the November 3rd Grayling City election.

The three candidates are seeking four-year terms to the council. The four-year terms of councilmen Horace Failing, who chose not to run for re-election, and Gordon "Sandy" Thompson, the Mayor of Grayling, are expiring.

The Avalanche will publish short profiles of the candidates in the October 29th issue.

## B & E's Continue In County

Nine more breaking and enterings were reported in Crawford County last week as weekend visitors coming north for hunting and color tours continue to discover their cabins and cottages broken into. Sixteen B & E's were reported in the county last week.

In other Crawford County Sheriff Department news, three radar detector units were confiscated in automobiles, three ambulance runs were conducted, nine property damage complaints - including three car-deer accidents - were answered, and officers responded to one assault and one child abuse complaint.

## To Hold Hunter's Safety Course

A Hunter's Safety Course will be held on Mon., Tues. and Wed., Oct. 19-21 from 6:30 to 9:30 p.m. at the Grayling Middle School.

Youngsters 12 to 16 years old, who are interested, should enroll by contacting the D.N.R. Field Office at 348-6371. Enrollment will be limited to 40 students.

## 10,000 Feet of Curb Work Nearly Completed

Construction workers have finished nearly all of the 10,000 feet of curb work along ten streets in Grayling. City Manager Jerry Morford said rains the first part of October set street work behind schedule a little but the project is coming along well.

After the curb work is completed, gravel will be laid down, the streets will be paved, and then the clean-up work will finish the project. About a mile of streets will be paved. Morford said the paving could only take one week once it starts. The street work is expected to be finished by November 15.

## Austerity to Close State Campgrounds

Under current budget cutting proposals made by the Governor's office, Crawford County's State Forest Campgrounds will not open during 1982. According to O.J. Scherschligt, Deputy Director of the D.N.R., most recent cuts involve closing of all of the state campgrounds for next summer. Also, scheduled to be eliminated will be the snowmobile trails maintenance program.

Although the above two programs strike a blow to this area's tourist industry, which had one of its best years ever in 1981, the most serious implications come in closing the county's canoe campgrounds. Physical closure of these facilities will be nearly impossible as will all other water access campgrounds.

The Grayling Regional Chamber of Commerce has conducted the Lansing office of the D.N.R. and arranged a public meeting with State D.N.R. officials to discuss the problem and possible solutions. All persons interested are invited to attend October 21st at 7:30 p.m. in the City Council Chambers.

## Firewood Cutting Permits Still Available

Woodcutting permits are still available for state lands in Crawford County.

The Grayling DNR Field office has issued 1323 permits this year for the county and permits will be available until December 31. Area DNR forester Don Torchia said there is plenty of dead wood left in the county, although the "easy to obtain" dead wood along roadsides has already been harvested.

Crawford County is divided into six zones for firewood permits. Zone 2, containing military ranges, and zone 5, covering the southwest corner of the county, has been the most requested zones by woodcutters.

Permits are issued for one zone only and are free of charge. Only one permit is issued per household but up to 10 cords of wood may be cut on one permit. Kirtland Warbler posted areas and timber sale areas are off-limits to firewood cutting.

Wood cut on free permits may not be sold but commercial cutting permits are available for \$60.

## Business Seminar at Kirtland

On Thursday, October 29, 1981, a Small Business Seminar, designed to aid businesses to forecast profits and future cash deposits and disbursements, will be held at the Grayling Holiday Inn. The seminar will run from 8:30 a.m. to 4:00 p.m. Luncheon will be dutch treat, with a \$10 registration fee charged to include all course materials. Participants will receive a study guide and materials to work through along with individual assistance provided by the instructor.

**LIBRARIES OPEN DOORS**—Middle school students were able to use their library for the first time last week. Although library doors will soon be open at all three schools, reduced hours, staffing, and funding will put a cramp on services offered.

## Reduced Hours, Makeshift Staff

## School Libraries Open

By Jon Thompson

The Crawford AuSable Schools' libraries are opening their doors for the first time this year to students. But with restricted hours and reduced funds and staff to operate them, library services will be severely diminished from previous years.

The middle school library opened a few hours last week and is scheduled to be open three days a week until the first week of November. The high school library opened Tuesday and will be open five days a week until the first week of November. The elementary school library has to be relocated because

the former library room is being used as a classroom. It is scheduled to open next week.

The libraries will be staffed with laid-off teachers, whose last work day falls in the first week of November. After that, school administrators don't know how libraries will be staffed. Superintendent William Dierich said they are working on several possibilities.

The Crawford County Library Board has offered to place a qualified staff member in each school five hours a week and a community group called Committee Hoping for Interim Library Dollars (C.H.I.L.D.) is

trying to raise funds to hire qualified persons to work in the libraries. Additionally, volunteers may be used to help shelve and check out books.

School administrators feel qualified help must be at each library or there could be a loss of books and other materials that would decimate the libraries that took years to build.

While administrators try to piece together another library program, the plan to use laid-off teachers to staff libraries the next few weeks has drawbacks. The first priority for using the laid-off teachers is as substitutes for

## Beaver Creek Junk Ordinance Draws Fire

By Jon Thompson

A heated argument or democracy at its best. Whatever you want to call it, more than 140 Beaver Creek residents gathered at their township hall last Monday night to give their views about a new township junk ordinance and proposed zoning laws.

The junk ordinance, which became effective in the township September 1, created the most heat.

Bill Shaw presented the township board with a petition with more than 100 signatures asking the board to abolish the junk ordinance immediately. Shaw also presented the board with a petition to recall some of the board members if the board

did not abolish the ordinance.

Township Supervisor Cletis Spears said he will meet with Shaw and a couple other of the disgruntled residents and try to revise the junk ordinance. Then, at the next board meeting, if the revisions didn't please enough residents, the ordinance could be placed before township residents for a vote.

Township officials say the ordinance is basically the same junk or nuisance ordinances other communities have. Violations of the ordinance include dangerous structures, automobile parts and bodies, empty cans, food containers, ashes, rubbish, and other items that create fire hazards or attract flies, rodents, and vermin. Township officials said the ordinance was passed to clean up junk in the township and protect children.

One woman at the township board meeting last Monday night said the ordinance was important because "We don't want to live in a dump. We want to live in a decent community."

Another woman, however, said many of the persons in violation of the ordinance are laid off from work and don't have the money to comply with the ordinance.

"It costs money for the vehicle to take the junk to the dump, money for the tools you need to clean it up, and it's going to cost money for a babysitter to watch the kids while we clean it up," she said.

One woman said she estimated it would cost \$50,000 to clean up their property and remove the dangerous structures.

Supervisor Spears said it is not the intention of the ordinance to make the clean-

up a major operation that costs a lot of money. Spears, repeatedly banging his gavel for order in the noisy, packed hall, said the board is not trying to force anything down anyone's throat. He stressed that revisions can be made in the ordinance.

Six persons already have been notified of violations of the ordinance since it went into effect. Under the current ordinance, violations must be cleaned up in 30 days. Penalty for not complying is a fine up to \$100 or 90 days in jail or both.

Proposed zoning laws for the township, brought before the board for review, also heated up the crowd. Shaw presented the board with a petition with 124 signatures out of approximately 690 voters asking the board to table the proposed zoning laws and never put them into effect without a vote of the township residents.

The board unanimously passed a motion complying with this request.

## You Should Read This!

by Harrison Goodhue for American Red Cross

Last week we promised to tell you about Red Cross Disaster Relief; the second mandated responsibility of American Red Cross by the Congress of the United States; to provide immediate relief to the victims of natural or man-made disasters by giving food, clothing, shelter and medical care as needed, until the normal government or private sources for permanent relief can function.

First, what is a "Disaster" in this concept? Well, it is a fire, a flood, a windstorm, tor-

nado or hurricane, an explosion - any calamity in which one or more families lose their homes, their clothing and their possessions.

If many families are involved, or more than one community or more than one state, it becomes a "National Disaster." Regardless of size, however, American Red Cross is charged by the Congress of the U.S. to provide "Immediate Disaster Relief" in the form of gifts of food, clothing, shelter and medical services to mitigate the human sufferings of the victims!

And Red Cross totally ful-

fills that responsibility!

The proof of that commitment was brought home in full reality to the residents of this County when a tornado struck Frederic at 2 a.m. on a Saturday morning and less than 10 hours later Red Cross was on the job!

The writer was new to Red Cross then, did not know much about its Services yet, as he had only been involved since October 1974 and this was April 1975.

In fact he was not aware there had been a tornado at Frederic when he received a

## Women's Retreat Nov. 6th - 7th

The White's, who will be sharing the topic "Accepting Yourself and Accepting Your Mate", and will also be the featured solo artists, can be seen and heard at the 10th Win-Some Women anniversary celebration at Boyne Mountain Lodge, on November 6th and 7th.

Phil and Myrna White traveled for several years with the Word of Life Ensemble and The new Creation, holding concerts throughout the United States, Canada and South America.

Cheryl Prewitt, Miss America, 1980, who is reportedly the most booked Miss America in history will be the featured guests speaker. Gospel music and a personal faith in God have been an important part of Cheryl's life since childhood.

A special Community Banquet, for men and women of all ages will be the highlight of the retreat weekend. Cheryl Prewitt, Miss America, 1980, will be giving her personal accounts as they relate to the retreat's theme "Trusting in God" and Phil and Myrna White will be the featured vocalist and recording artist. The program and dinner will be held November 7th at 7:00 p.m. in the Boyne Mountain Convention Hall.

Reservations for the retreat must be in on or before Monday, October 26th, 1981 to Win-Some Women, Box 503, Petoskey, Michigan 49770. More information, registration forms and banquet tickets may be obtained by contacting your local area coordinator, Beth Shepler or they may be picked up at Davis Jewelry.

The retreat is sponsored by the Neighborhood Bible Study classes in Petoskey.

Bob and Shirley Knutilla of Tampa, Florida, stopped overnight with her parents, Mr. and Mrs. Harry Souders, enroute to Escanaba, to visit their family. Mr. and Mrs. Gary Taylor of Escanaba are very happy over the arrival of Stephanie Danielle who was born on September 21, 1981. Stephanie weighed 8 lbs. 14 oz. Grandparents are the Harry Souders of Grayling and Mr. and Mrs. Albert Taylor of Escanaba. Great-grandmother is Mrs. Carl Knutilla of Ironwood.

Mrs. Tom Crook (nee Pam Smith) of Haslett came to pick up her mother, Mrs. Dick Good and the two of them spent three days in the Traverse Bay area enjoying the fall color and visiting antique shops.

William Andrew Fleming is the newest addition to the Mike and Sandy Fleming household. William arrived on October 8, 1981, at 3:42 a.m. at Otsego Memorial Hospital. He weighed 9 lb. 4 oz. and was 21 inches long. Happy grandparents are Mr. and Mrs. William Fleming of Traverse City and Mrs. Gerd Kelly of Louisville, Kentucky. Mrs. Kelly arrived at the Fleming home on Maple Street a week ago and will spend several more weeks visiting.

sick teachers. The teachers staffing the libraries may have to be used some days as substitutes. The openings of the middle school and high school libraries were delayed because this happened. Even when the laid-off teachers are available to staff the libraries, services are restricted compared to previous years when full-time libraries ran the operation and were available to help students.

In other school news, at the October 12 school board meeting, high school principal Kent Reynolds and middle school principal Dale Nicholas said the change from a seven-period school day to a five-period day was causing difficulties in several areas:

- Graduation requirements. If the schools continue with five-period days, several graduation requirements may have to be cut or changed. Already a recommendation was brought to the board to reduce the requirement of two semesters of health to only one semester for the class of 1984.

- Student-teacher conflicts - Can't be worked out by switching the student to another classroom anymore because of the tight five-period schedule.

- More failures. More students may fail because of the reduction of classes. For instance, a freshman English class was split into an advanced class and a class for the slower achievers. The result was a 50 percent decrease in failures. By combining classes again and dropping other special classes, school administrators and teachers anticipate the failure rate to climb back upward.

- Teacher-student contact. With no conference hours for teachers this year, students have little opportunity to meet with teachers for extra help in class. The loss of counseling services this year also is hurting the student who needs help.

In other action at the school board meeting, the school district's auditor presented the 1980-81 audit report, and, at the request of persons in the audience, stated there is no secret money in the school district's books.

The school board also defended a five percent raise for teachers. President of the board Kathleen Burkley said the raise was figured into the budget and the board felt it couldn't afford not to give the teachers a raise.

"Teachers this year have increased classes, increased responsibilities, and increased bills at home," she said. "We can not ask teachers to underwrite our children's education."

WITH A FIRST SAVINGS  
ALL SAVERS CERTIFICATE

The new All Savers Certificate is here. It's a one year certificate requiring a minimum investment of just \$500 that pays 70% of the yield of U.S. Treasury bills and lets you earn tax free interest. Here's how it works.

### TAX FREE

You can earn up to \$1,000 in interest on a single tax return and \$2,000 on a joint return and pay no income tax on that interest income. This interest income applies to both Federal and State income tax. It is a one time only exclusion. Any interest earned above these amounts is taxable regardless of which year or years you take the exemption or the number of certificates you have.

### GUARANTEED RETURN

Unlike money market funds, with an All Savers your rate is guaranteed for the full 12 months of the certificate.

### INSURED SAFETY

With an All Savers your funds are insured to \$100,000 by the FSIC, an agency of the Federal Government. Most money market funds are not insured to protect your investment

### TRANSFER FROM SIX MONTH CERTIFICATES

You can transfer your funds from a six month money market certificate to an All Savers with no loss of interest as long as the All Savers rate is no higher than your six month money market rate.

### EARLY WITHDRAWAL

There are penalties for early withdrawal from an All Savers Certificate: 90 days loss of interest plus loss of the tax exemption on all the interest earned even if only a portion of the certificate is withdrawn.

### THE ALL SAVERS CERTIFICATE:

The bus will leave the Legion at 8:30 a.m. with kickoff at 1:30. Tickets are 40 bucks a head and includes bus fare, game fare, box lunch and a whole bunch of orange pop. See Patsy at the Legion for further details...but you better hurry and get in your reservation...

We received a note from Spike MacNeven the other day for us to start a subscription for him out in Mesa, Arizona. He mentioned he wanted to find out what the turkey had to say each week...well Spike...some weeks it is easy for the ol' gobbler, then others, like this one we are being taxed for something to enlighten our readers on the things that happen or what we may think about the world around us...

While we are on letters, we would like to pass on to our readers and friends of the Joe Schrader's that they are well settled in Holland, Michigan that is, and Joe is back in his own field as personnel manager after doing a very fine job as staff writer and photographer for the Avalanche...Carol is employed at a doctor's office, and both Jim and Jenna are school bound right near where they live...

From the Las Vegas Sun...You know, you're in trouble when...the only one they can blame for the mistake other than YOU is the boss...

Being a Scandinavian...we just can't go along with this Columbus Day observance...Leif Erickson from Denmark beat Columbus to America by 100 years...and now they make October 12th a day to give federal working people and others a day off...must be just another day the union can say...see, we got you a day off with pay...seems asinine to me...

An idle thought...we missed the Booster Club annual banquet Saturday evening at Auman's House of Catering...we understand it was another huge success with many headaches Sunday morning...being a member to this organization is quite a privilege for the simple reason is what they do for the betterment for youth in Crawford County...supporting the officers and board of directors is a fulfillment for the reason you joined the club...to help youth in the county...

We heard the other day that the Alpena school system was supposedly closing this Friday due to the financial climate, how many more will bite the dust this coming school year is anyone's guess...something drastic has to come out of Lansing...our representatives and senators would do a good thing if they sat down and tackled the monster at hand...all through the state it is the same thing...land owners are rebelling against the property tax that is levied on them for the operation of the school systems throughout the state...

It is going to be interesting to watch the outcome of the closing of the Alpena schools...maybe this is one way to bring a climax to how schools will operate in the future. We have to wonder what effect Crawford County would have if they put the lock on the doors here...

An idle thought...wouldn't it be nice that all Monday's would be like this one...then Irvin would have nice days to go around and collect his bucks for the athletic fund...

Time to turn this turkey loose for tonight, we're headed for the shack...so, goodnight T.J., Stef and Amber, and to everyone, hope for a nice fall, we've had a couple days to enjoy...

### GOD'S HEAVENLY VIEW OF MAN

Romans 3:10-18

Have you ever wondered how you looked to God as He views you from Heaven? "The Lord looked down from heaven upon the children of men, to see if there were any that did understand, and seek God. They are all gone aside, they are all together become filthy: there is none that doeth good, no, not one." Psalm 14:2, 3. This is God's view of the natural man.

Listen to the Roman commentary on this section in Romans 3:10-18: "As it is written, There is none righteous, no, not one: There is none that understandeth, there is none that seeketh after God. They are all gone out of the way, they are together become unprofitable; there is none that doeth good, no, not one. Their throat is an open sepulchre; with their tongues they have used deceit; the poison of asps is under their lips: Whose mouth is full of cursing and bitterness: Their feet are swift to shed blood: Destruction and misery are in their ways: And the way of peace have they not known: There is no fear of God before their eyes."

The human race has not changed since these words were written. You have only to follow the daily news to be faced with human violence in the 20th century. Fear and anxiety characterize our generation, but there is no real fear of God. Humanism by attempting to turn man into God, has destroyed man's fear of God and replaced it with fear of other men. In Psalm 14 we are reminded of this principle: "There were they in great fear: for God is in the generation of the righteous." Psalm 14:5. The unrighteous who fear not God must fear everything and everybody else. The man who properly fears or shows proper reverence and awe toward God is void of all other fears and abides in perfect peace.

Romans 3:10-18 gives us the divine view of depraved man. Man is always religious, but never seeking the true and living God. All religions involve human works, what man must do to please God. Salvation is man doing nothing, and God providing all that man needs for forgiven sin and eternal life. As Isaiah said, "But we are all as an unclean thing, and all our righteousnesses are as filthy rags..." Isaiah 64:6. Natural man can do no good thing to make him pleasing to God. Proverbs 21:4 reminds us that, "...the plowing of the wicked, is sin." How can this good work of preparing the ground to raise food be a sin? Because God, "Now commandeth all men everywhere to repent: Because he hath appointed a day, in the which he will judge the world in righteousness by that man whom he hath ordained; whereof he hath given assurance unto all men, in that he hath raised him from the dead." Acts 17:30, 31. God now commands you to repent of your sins and accept the Lord Jesus Christ. This is not a choice, it is a command. Anything you do before you repent is an act of rebellion and sin against a Holy God. (adv.) Pastor Barnett

### Top Recruiter

GAYLORD—Staff Sergeant Christine M. Harr, United States Air Force recruiter, 100 North Otsego Avenue, Gaylord, won the Top Recruiter Award for outstanding performance in the Northern 21 counties of Michigan during September 1981. She was a 200% recruiter.

The award is bestowed monthly to the recruiter with the most outstanding job performance. It will be presented to Sgt Harr by Master Sergeant Purcell, her supervisor.

Sgt Harr has been a recruiter with the Air Force in Gaylord for four months. She resides locally with her husband Ronald, a native of Chicago.

**JANET PETROSKY ADMIRING CHRIS MILLIKIN'S RADISH**—Chris Millikin from Mrs. Akers' fourth grade class brought in a very unusual radish. This radish weighs about one pound. His grandfather grew it on his farm. His grandfather's name is George Leas. Mr. Leas lives on Goose Creek Road in Kalkaska. He planted the radishes sometime in April. And pulled them out Friday, October 5, 1981. Seeing the real radish is better than just a picture. Written by Janet Petrosky, 5th grade.

## Lehman Workers Building Airport Terminals

Representatives from four state agencies met with local officials last week at Camp Lehman near Grayling to review the progress on a unique project sponsored jointly by the Michigan Aeronautics Commission, the Departments of Education, Corrections and Labor.

As a result of the cooperative effort of these agencies, inmates at Camp Lehman, a minimum security corrections facility near Grayling, are earning college credit from Kirtland Community College while building modular facilities that will be used for terminal buildings at general aviation airports.

Construction on the first building began in August. When completed next spring, it will be transported to Sparta Airport in Kent County near Grand Rapids.

The project was undertaken to provide relatively low-cost terminal facilities as well as educational opportunities for inmates at Camp Lehman. Total cost for each building is estimated at \$45,000. The Michigan Aeronautics Commission and the local community receiving the facility will share equally in the cost.

The program is designed to provide education and training in carpentry, electrical work, plumbing, heating and ventilation, as well as painting. The inmates are given classroom instruction as well as construction experience. The buildings, which will measure 52' by 26' when completed, are being constructed in three sections. The completed sections will then be transported to the site at Sparta for completion.

### Air Force

**GAYLORD**—John J. Roed, 17, son of Mrs. Janet J. Roed, 6630 Manistee Street, Frederic, has entered the United States Air Force's Delayed Enlistment Program (DEP).

According to Staff Sergeant Christine M. Harr, the Air Force Recruiter here, Mr. Roed's entry into the DEP serves two purposes. First, it allows the Air Force to schedule an opening for him to attend basic training and be assigned to a job or skill area. Second, the DEP enables Mr. Roed, a 1982 graduate of Grayling High School, to wrap up his personal affairs before leaving home.

Mr. Roed will enter the Regular Air Force on July 1981. Following graduation from the six-week basic training course at Lackland Air Force Base, Texas, he will receive technical training as an Aerospace Ground Equipment Mechanic and be assigned to an Air Force duty station.

Ned T. Patterson, Manager of the research and development department of the Michigan Aeronautics Commission, estimated that over the next ten years, twenty buildings, similar to the one under construction, can be built for use in communities throughout the state.

The second modular terminal facility scheduled for completion in 1982 will be transported to Cadillac for use at the airport there. Other locations in the state are being considered for modular terminal buildings.

## Notice of Mortgage Foreclosure Sale

Default having been made in the conditions of a certain mortgage made by the 17th day of July, 1980, by Victoria Lee Shafley as Mortgagor, to Roscommon State Bank, Roscommon, Michigan Mortgagee, and recorded on the 24th day of July, 1980, in Liber 188 of Mortgages, Page 442-45, in the Office of the Register of Deeds for Crawford County, Michigan; on which Mortgage there is claimed to be due and unpaid at the date of this Notice the sum of Three Thousand Nine Hundred Six and 21/100 (\$3,906.21), plus \$9.18 late fees, plus interest and other allowable costs; no suit or proceeding at law or in equity having been instituted to recover the debt or any part of the debt, secured by said Mortgage, and the power of sale contained in said Mortgage having become operative by reason of such default;

## Chris Clover's Corner

By Sue Louchart

Hi! I'm Chris Clover here with news from the Crawford County 4-H Clubs.

Last week was National 4-H Week and many of the clubs were busy doing projects in the community to make the people aware of who some of the club members are.

We appreciate all the cooperation given by the local businesses in helping us promote National 4-H Week. Without you we would not have been able to demonstrate much to the community.

Calls have been coming in to the Office from the flyers sent home with the school children last week. Most of the clubs are underway and many have room for more members.

In the Cake Decorating Club you can learn the beautiful art of decorating cakes. It's lots of fun and you get to taste your creations. Cake decorations are not just for birthdays or weddings but for any time. Just think of the possibilities with it being fall and Halloween coming. Sounds like fun doesn't it!

Another very busy club last year and again this year is the cooking club the Kitchen Magicians. They meet on Wednesday after school. They are busy making their plans for the year as to what they want to cook to eat.

So far they have learned how to broil and pan fry meat. They compared the two methods of cooking by preparing hamburgers. They found out that the broiled hamburgers were juicier. They also learned how to heat the buns before serving them.

In the near future the club will be selling Christmas wrapping paper to help raise money to buy the supplies needed to practice with. For 4-H week the members gave out a sheet of recipes in the downtown area. There is still room for more cooks in the club if you are interested.

The 4-H Indoor Garden Club will be starting soon and there is room for more members. You will be taking things from nature like leaves, pine cones, weeds and more to make dry arrangements and plaques. The planting and force blooming of tulips for the house in February when it is snowy and blowing out sounds neat. Learn how to make terrariums. The next few members will be getting free plants from the leader. Sounds great!

The Leader Dog Club is busy training the puppies to be ready to go down to Rochester in December. Their training is very important to whether the dogs make it through the final training at the school. All the Grayling dogs have graduated and been placed with blind people. That sure is great news!

The Young Performing Arts Club was busy practicing for their part in the Awards Banquet program this month.

The Personal Appearance club is excited about their part in the Awards Banquet program and have been working very hard with it. Can't hardly wait to see them!

There is always something exciting going on in the 4-H

## State Staff

Christine Hodson, state Program Officer of ACTION will be at the Retired Senior Volunteer Program office Oct. 13, 14, 15. Ms. Hodson will tour the RSVP station site and attend the Advisory Council meeting on Oct. 14, 1981.

Ms. Hodson will speak at the RSVP Volunteers Orientation meeting on Oct. 15. The meeting is scheduled to begin at 9 a.m. in the Senior Citizen Center Dining Room. Meetings with volunteers of the RSVP program will be scheduled individually and will be arranged through the RSVP office.

The Orientation Meeting will cover monthly report forms, station site information, and request for service. Information pertaining to the 1981 Financial Appeal through the annual Mail Campaign will be discussed. There will be a short briefing also about the forth coming yearly evaluation of the RSVP program.

The period of redemption expires six (6) months from the date of sale.

## Schwarz-Graham Exchange Vows

Karen Elizabeth Schwarz and Jeffery Martin Graham were united in marriage October 3, 1981 at the Graham Chapel on top of Boyne Highlands. The Reverend Rebecca L. Clokey officiated at the six o'clock family only ceremony. The bride was given in marriage by her parents, Dr. and Mrs. G.R. Schwarz of Grayling.

Attendants were the bride's sister, Lynn Ann Schwarz and Jack R. Pierce. The groom is the son of Dr. and Mrs. Thomas F. Graham of Harbor Springs.

A reception was held at the groom's brother's residence, Thomas Graham in Harbor Springs.

The couple have made their home in Harbor Springs after a wedding trip to the Door Peninsula in Wisconsin.

## "Red Cross"

(Continued From Page 1) message from the Sheriff's Office advising him that Red Cross in Detroit requested he be in Frederic before noon to help a Red Cross Disaster Volunteer assist the victims of the tornado there.

What tornado? Why the one that hit down at Frederic at 2 this morning and destroyed a dozen or more stores and mobile homes? Where have you been?

So you call the Town Hall at Frederic and talk to the Township Supervisor. Yes, there had been a tornado all right, 26 people had to be taken to Mercy Hospital although only 4 are still there. No, they hadn't asked for Red Cross help, knew nothing about anyone coming from Red Cross.

They were feeding people at the Sportsman's Club across the street from the Township Hall and Civil Defense people were clearing old US27 with bulldozers, and they thought everything was reasonably under control.

So you jump in the car with your wife and start for Frederic. On the way WGRY was telling everything that had happened and what the current situation was.

It didn't take too long to get to Frederic and you are appalled. Several of the stores are smashed into their basements; the area where there had been a dozen or more mobile homes looks like a giant fist had smashed them to bits; there are canoes twisted into pretzels by another giant all over the place; but the rest of Frederic has been left untouched.

You drive over to the Township Hall and there is a station wagon with Red Cross signs on it, and a lady in her mid-forties is trying to put up a

## The Crucial Alternatives The People and Free Government

In a free government the dominant force must be WE THE PEOPLE. We must

never permit ourselves to forget that the first three words in the Charter of our Freedom is WE THE PEOPLE. Nor must we forget that what we are in character and outlook is reflected in the government we create. WE THE PEOPLE do a lot of grumbling about government forgetting that what we are and what we do is responsible for the effectiveness of government in State and Nation. The first place to look for deficiency in government must always be in the character and outlook of the people. As long as the people care our freedom will be secure.

Not only must we make our influence felt at the seat of government but also in the agencies that shape opinion and develop character.

From the melting pot of nations

God has purged with a lavish hand  
Of the brain and brawn and sinew

Of the brave of every land  
Into freedoms mould.

Author unknown  
Consequently we are a Nation of many cultures, differing ideologies and religious all alike in one thing desiring freedom opportunity equality and equity. Each one wants to pursue his or her course in finding their own fulfillment.

During the years of our experience as a nation we have grown wealthy exploiting the resources of a virgin land. We have developed large corporations and unions that exercise great power in our government. Money has become a prime force in the selection of those who represent us. Diffidence and apathy on the part of the people has permitted this to happen.

We have finally reached a time when it is imperative that the people exercise the power granted them in the Charter of Our Liberties. That power must be informed and grounded in a justice which seeks the well-being of every citizen.

Both on the domestic front and the International we are confronted with problems that set before us serious alternatives. We are emerging into a new age that will require new policies, new strategies, a new outlook with new relationships. The choices we make, the relationships we foster, the policies and strategies we engage will determine the fate of individual freedom and may even determine the fate of civilization.

One of the Common People  
R.C. Puffer

Red Cross banner. You introduce yourselves, you help her put up the flag and some posters saying: "Red Cross Disaster Relief Here" and help carry cardboard cartons of forms, folders, pencils, etc. to the Town Hall.

You asked her how come she was here? She replies that Division Red Cross Headquarters had been notified about 3 a.m. by the State Police Headquarters in Lansing of a tornado at Frederic. She had been awakened at 6 a.m. by the Disaster Director for the State of Michigan and was instructed to go at once to Frederic to render Red Cross Immediate Disaster Relief and she appreciated our being there to help her.

Her name is Eileene Sonnefeld and she is a Volunteer Disaster Consultant who lives in Saginaw.

In a few moments the Township Supervisor and the Civil Defense Coordinator are told we are there to issue orders for food, clothing and shelter where necessary to the victims of the tornado, as gifts from American Red Cross, and will they please get the local radio station to notify the victims of the Disaster that they are to come to the Frederic Township Hall to receive such relief?

In minutes we have been taught how to make out the forms and issue the orders, and are told to indicate on the relief orders that the merchants are to send the bills to Crawford County Chapter/American Red Cross. But how am I to pay for them, we have less than \$500 in the bank? Don't worry, we will talk to Detroit this afternoon and they will transfer a few thousand dollars to our bank in Grayling first thing Monday morning!

But people are already coming in, so we go to work.

When we closed up shop at 9 p.m. that Saturday evening we had covered about 75% of the folks directly involved. No questions other than details of how they were involved and the losses they incurred.

A set of clothing and a pair of shoes for each member of the family who had lost theirs, enough food for the family for a week to start with. Most of the victims had shelter with friends or family, for those who did not, arrangements were made with motels.

By Sunday afternoon when the last of the victims had left, we had issued orders for over \$3000 worth of food, clothing and shelter on the stores of the victims choice. We had talked to Red Cross in Detroit, the Michigan Division headquarters, and \$2000 would be deposited to our account at the Grayling State Bank the first thing Monday morning, and more as necessary to cover the total orders issued. National Red Cross would foot the bill as more than 5 families were involved, but we didn't have enough money anyway, so Red Cross would take care of the bill.

My attitude toward Red Cross had undergone a tremendous change in a little over 24 hours, but it would change more in the next week or two.

During that next week or two, we discovered victims who had lost their dentures, their eye glasses and similar items and Red Cross arranged for their replacement at local Dentists and Opticians. Seven Federal agencies, from HUD, to HEW, from Agriculture Department, IRS, and Small Business Loans converged on Frederic as the Governor had declared Frederic an "Emergency" qualifying for Federal assistance.

Red Cross arranged for telephones at Red Cross expense to be installed in the Township Hall, provided lunch for about 20 agents who showed up, and picked up similar miscellaneous expenses incurred by the Federal crew.

After the last patient had left Mercy Hospital we found there were just about \$400 worth of medical care that had not been covered by insurance, American Red Cross reimbursed the hospital for the otherwise unrecoverable medical service performed.

When the final bill was paid, American Red Cross had provided over \$5000 in relief to the victims of the Frederic disaster as free gifts of money to provide the things needed, excluding the many hours of labor by Red Cross Volunteers.

Local folks and quite a few from outside our area had donated a little over \$800 to Red Cross here to help the victims. I talked to the Manager of the Michigan Division of Red Cross about how to transfer the funds to National Red Cross. He suggested we wait a year or two and use the money to expand Red Cross Services in Crawford County, and when we were more sound financially, we could turn the \$800 or so back to Red Cross at the National level.

It was at that point that my wife and I became convinced that Crawford County could not afford to be without the full Services of American Red Cross - from SM&RV to Disaster Relief, to Blood Services, to Safety Training - and determined to devote ourselves to making the Crawford County Chapter a viable Red Cross

operation. It took until the 1977 fiscal year before the Chapter was financially able to send the \$800 to National, but we did.

Since that time Crawford County Chapter has become able to render full Red Cross Relief to National standards to all victims of Disaster in Crawford County. Mostly local disasters are home burn-outs. There were 13 in the winter of fiscal year 1980, and only two were covered by insurance. The 11 family victims received over \$4800 in gifts of food, clothing and shelter where needed from Crawford County Chapter/American Red Cross. Gifts made possible by the financial support of the Good Neighbors of this community.

In addition, through the gift of one of our leading citizens, the Chapter acquired an unusually equipped house trailer which was ideal for a Disaster Vehicle. It is maintained constantly by members of our 6 team, twelve Volunteer Disaster group, and is made available to the Sheriff for any law and order situation when not required for Red Cross Disaster activities, and it is also available to our Civil Defense if the situation does not require its use as a Red Cross emergency center.

Further, our local Disaster Teams provide food and refreshment to our local Volunteer Fire Departments when asked by any of the five Fire Chiefs of our five County Volunteer Fire Departments; and when the weather is cold, the Red Cross Disaster Vehicle is brought to the scene for the Volunteer Firemen's comfort to get warm and rest where necessary.

For example, the Disaster Vehicle was utilized by the Sheriff's Department as a communication and shelter headquarters in the two recent drownings at Lake Margrethe this summer. It is equipped with CB, AM, FM, and Law Enforcement radio receivers and transceivers, and a telephone. An outside connection is available to tie into the nearest telephone line, making it a self sustained communication center.

Remember, all Immediate Disaster Relief extended by American Red Cross must come from funds raised by Red Cross from the general public. No Federal, State or Local Tax monies are provided American Red Cross to perform this function.

On occasion, the Federal Government may contract with American National Red Cross to handle distribution of food, medical supplies and care, on Relief missions outside of the United States. These international Red Cross operations are a responsibility of the Federal Government and not the American Red Cross, and on occasion the Federal Government will contract American National Red Cross to perform such services abroad. These are relief missions related to disasters in foreign countries, are in no way involved in serving the Armed Forces of the United States at Overseas Bases, which is a total responsibility of American Red Cross.

Average yearly Red Cross Relief Costs are between \$50 and \$60 million, but seem to be always growing both from inflation and what seems to be an ever creep upwards in the number of national disasters.

This total includes both the expenditures of the local Chapters of Red Cross and the National organization, and the funds must all come from donations to local Chapters by the American people.

On an average about 25% of the total funds contributed to local Chapters is required to sustain the National organization and primarily provide for the National costs of Service to

Military Families and Veterans and Disaster Relief. National's share is determined for each Chapter by a very equitable formula recognizing population and worker earnings of the Chapter's community.

For example, Crawford County's quota for this October Fund Drive is \$1162 or 22.73% of the minimum goal of \$4862 established by National Crawford County's budget requirements are far above the minimum goal, and we must raise at least \$5800 to provide our scheduled services to this community.

However, any money we raise over the minimum goal of \$4862, stays with our Chapter-National only gets its \$1162 share. If we did not raise \$4862 in total, National's share would only be 22.73% of whatever amount was contributed.

A very fair National fund raising policy which stimulates local Chapters to do the best fund raising job possible as all the money contributed over the minimum goal is retained by the local Chapter.

Immediate Disaster Relief as provided by American Red Cross is like a blanket insurance policy to every citizen of this Country irrespective of race, religion, creed or political affiliation, protecting her or his and their families from a personal calamity caused by a fire, flood, tornado, hurricane, explosion or what have you.

No other organization provides such Service; no other organization is mandated by the Congress of the U.S. to provide such Service.

In round figures there are, we understand, 220,000,000 people in the 50 states of the United States, and it takes about \$220,000,000 per year to provide all the Services of Red Cross at both the Local Chapter and National level.

At a dollar a head what family can afford to be without just Red Cross Disaster relief alone! Not to mention all the other Services, particularly Blood Service! Who wouldn't give a dollar a head to make sure every member of his family would receive Red Cross Blood, free, except for collecting, storing and redistributing costs, whenever it was needed?

But, unfortunately, although Americans are the most generous, most charitable people in the world, collectively, individually, they do not reach that standard. The Good Neighbors of this Nation must make up for those who will not, or cannot, carry their fair share of the load.

If you have not been a Red Cross financial supporter in the past haven't you been convinced by this explanation of Red Cross Disaster Relief that Red Cross deserves a contribution?

Is it too much to expect you to pay \$1 per head per year for each of the members of your family for such insurance against calamity? Could you get equal insurance from anybody else for less?

If you have not contributed to Red Cross in the past, please use the self addressed envelope included with the letter, if you received one, and do your share of at least minimum support for these vital humanitarian Services that Red Cross, and only Red Cross provide you.

If you didn't get a letter, address an envelope to American Red Cross, RR 2, Box 2515, Grayling MI 49738 and send a contribution - just a \$1 if that is all you can afford - will make you a member of Red Cross and make you one of the Good Neighbors of the community.

Please, help keep Red Cross ready!

Next week we will tell you of Red Cross Blood Services.

### Lobby Law Ruled Unconstitutional

Warren M. Hoyt, Executive Director, MPA

Ingham County Circuit Court Judge Robert Holmes Bell has ruled the state's lobby law unconstitutional because it would regulate fundamental rights without using the least intrusive means possible.

In overturning the entire 1978 act, Bell said the law is overbroad, violates equal protection and infringes on First Amendment rights of freedom of expression.

The new ruling constitutes the second time a lobby reform law has been overturned and means the 1947 law remains in effect.

The state Supreme Court declared unconstitutional an omnibus political reform act of 1975 which included revised controls for lobbying activities.

An appeal to the state Court of Appeals is expected to be filed by Attorney General Frank Kelley.

Detroit Attorney James Robinson, who represented the First Amendment Committee to Protect the Right to Lobby, said he was pleased the opinion reflected all the major contentions included in the challenge of the act.

"It means it will be necessary for the Legislature to go back and write a new act that is constitutional. The attorney general in effect conceded many of our points, but said if properly construed, the law doesn't say what it appears to say. The judge concluded the court just couldn't construe all the problems away," Robinson said.

Robinson said he hoped, rather than to continue the litigation, that proponents of the law would "seeing the deficiencies, attempt to secure legislation that would correct the problems."

He added the First Amendment Committee did not oppose the regulation of traditional activity of lobbying.

The committee, headed by Francis Pletz who is president of the Michigan Library Association, consists of about 100 associations, companies and organizations, and has

pledged over \$250,000 over three years to battle the act in court.

Pletz expressed a desire to help write a constitutional lobbyist regulation bill but noted she wanted to review the formal decision to "determine what is salvageable."

Senate Minority Leader Robert VanderLaan (R-Kentwood) urged the Legislature to begin now to write a new law which will "reasonably and responsibly deal with the problem while guaranteeing the constitutional rights of all."

The law would have regulated activities of and required reporting by lobbyists and lobbyist agents. It would have set misdemeanor penalties for violation of reporting requirements, providing gifts or loans to officials or registration requirements; and felony penalties for lobbying for a fee contingent upon the outcome of state action.

Among the deficiencies of the act cited by Bell were:

- unconstitutionally vague definitions of public officials in the law's attempt to regulate communications between a lobbyist or lobby agent and a public official.

- an unconstitutional chilling of a citizen's right of expression by a vague requirement that lobbyists' reports of expenditures include a brief description of lobbying activities without clarifying the term.

- a violation of constitutional guarantees of equal protection by permitting specified financial institutions to provide public officials with loans but apparently prohibiting a retail institution from offering a credit line to a public official.

- an unconstitutional infringement of rights of free association by apparently requiring the disclosure of members hip lists of organizations who might employ a lobbyist or lobbyist agent.

- an improper attempt to include in the regulations licensed attorneys.

## Burzynski-McNamara Vows Spoken

Beverly E. Burzynski and Michael J. McNamara were united in marriage on September 12, 1981 at St. Stanislaus Church in Bay City. The Reverend Father John Cotter officiated at the thirty double ring ceremony. The bride was given in marriage by her father.

Music for the ceremony was provided by Robert Meyer.

The bride is the daughter of Mr. and Mrs. Chester J. Burzynski of Bay City and a 1975 graduate of Ferris State College, School of Pharmacy.

The bridegroom, a 1980 graduate of Ferris State College, School of Pharmacy, is the son of Mr. and Mrs. Larry McNamara of Grayling.

Bridal attendants were Karen Olson, matron of honor of Saginaw, Susan J. Borysiak, Kimberley S. Brookhouse both of Bay City,

Mary Liz McNamara of New York City and Lori D. Cross of Warren.

P.J. McNamara was best man. Chris Golnick, Jim McClain, Mike Hoffman and Fred Burzynski of Bay City were groomsmen. Jacques Olson of Saginaw was the ring bearer.

A reception for approximately 400 guests was held at five o'clock at Lincoln Road Hall in Bay City.

After an East Coast trip, including Bay Harbor, Maine, Cape Cod, Mass. and New York City, the couple will reside in Grayling.

Out of town guests included Babel and Tadeo Oliveira and Alberto Targino from Fortaleza, Brazil. Babel was an exchange student who stayed with the McNamara's during the 73-74 school year.

### Doodles From The Tall Timber

Wendell L. Hoover  
Park Interpreter

A fiscal year may start on October 1st, but our attendance year starts on January 1st. Thus, we are now nine months into this year with the last summer holiday safely behind us. Many people believe that the State Parks close when Labor Day is over, but this is not the case. Some, it is true, expect a reduced rate of visitation due to school starting and the cooling of swimming water. Even in those parks, there is much to be done in order to be prepared for the next summer. Facilities take a beating from the heavy use and must be repaired. The same is true for grounds, roads or trails which have to be re-groomed before snow falls since there will be too little time in the spring. At the Hartwick Pines we are preparing for what has always been a busy time in the past. While nature is in the process of winding down and preparing for winter, we are getting ready to host as many visitors as we enjoy summer weekends. I am sure the Boss feels a sense of frustration when putting together the work schedule with a reduced staff to cover all those hours and jobs necessary for the safety of the visitors yet to come this year. Soon after the color tour is over, we must be ready for the last visitors of the year, namely the hunters and cross-country skiers. Park boundaries have to be checked and signs replaced as needed to keep the sportsmen posted as to open and closed areas. The cross-country ski trails have to be checked also. The marker posts and directional signs must be put in place before snow flies. For now, however, our energies will be directed toward providing a pleasant place to visit, which means clean buildings and grounds.

# Vikings Tomahawked by Chiefs 33 - 0

The powerhouse Cheboygan Chiefs made it 33 in a row with a 33-0 victory over the Grayling Vikings last Friday. The Vikings will meet another hot opponent this Friday as they travel to Gaylord to take on the Blue Devils during their homecoming celebrations.

The Vikings, now 1-4, hung tough with the Chiefs and trailed only 13-0 at halftime. In the second half, the huge Cheboygan team finally wore the Vikings down and scored three more touchdowns.

"They are an awesome team," head coach Bill Klinger said. "They would do well in the state play-offs. Our kids were giving up a lot of size but they never took a step backwards. I'm proud of the way they played with them and never gave up even when we got behind."

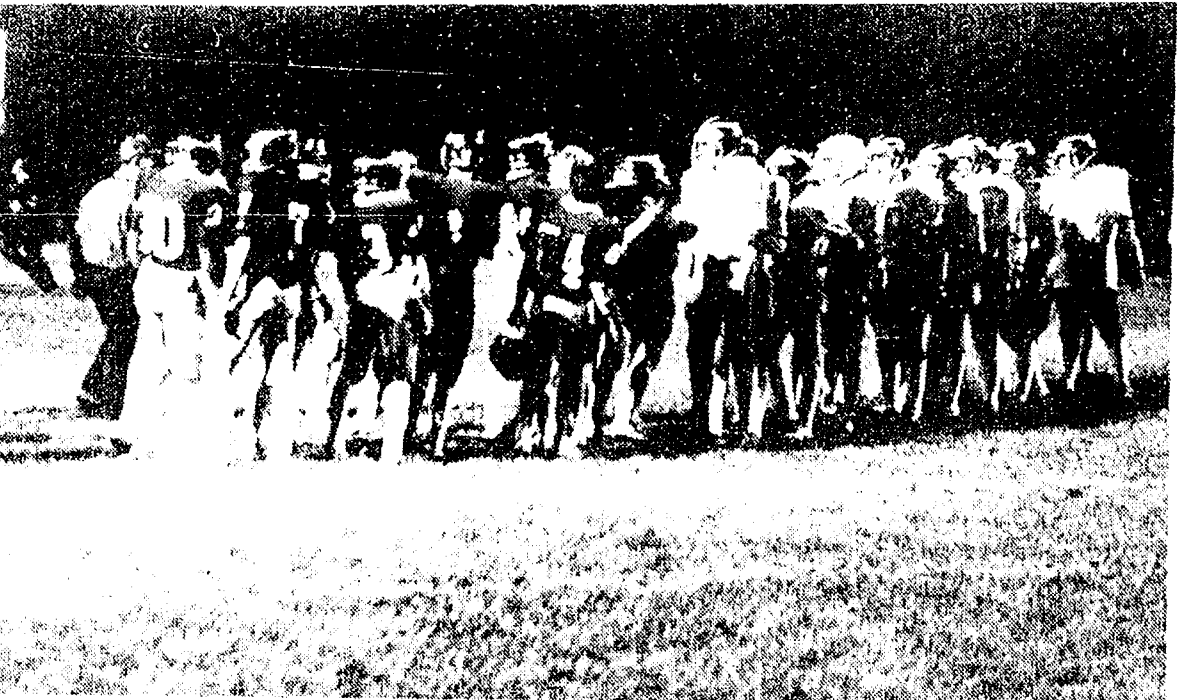

Cheboygan's large offensive line - including 6'5" and 200 pound players - pounded out 269 yards on the ground. All the Chiefs touchdowns came on the ground.

Grayling countered well against the big visitors, grinding out 169 yards on the ground. Jim Hill ran well with 55 yards on 8 carries, and Brian Yoder, playing his first game as running back, picked up 31 yards in 7 carries.

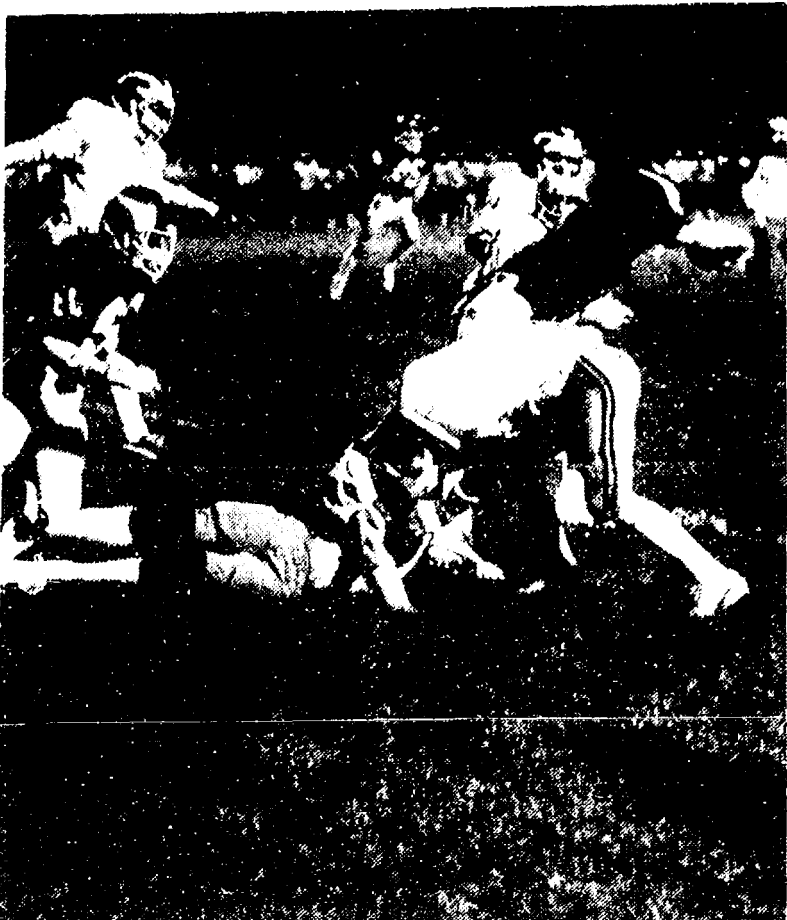

Cheboygan, who dressed 52 players for the game, picked up 57 yards in the air. Grayling only completed one pass for 9 yards.

Brad Trenary led the Vikings against the high-ranked Chiefs with 14 tackles and five assists. Wayne Metzger, Jeff Kea, and Shawn Lindsay also played strong defensive games.

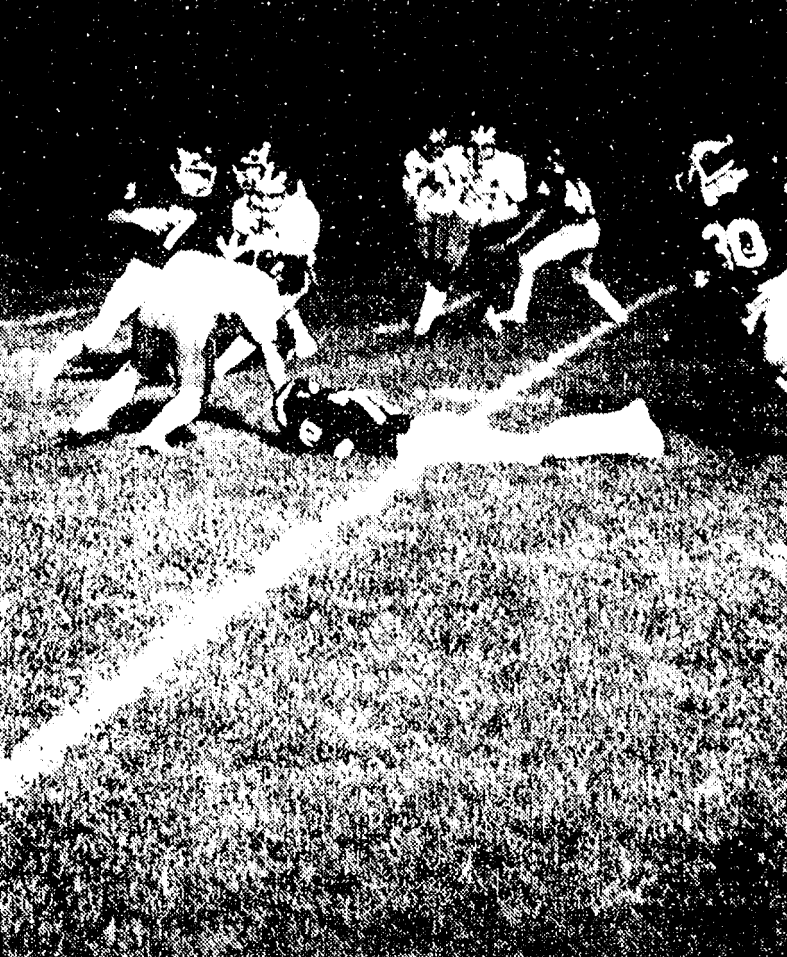

Against Gaylord, Klinger says the Vikings will be using all their players to keep fresh personnel in the game.

THESE GUYS ARE IN HIGH SCHOOL?—After last Friday's 33-0 loss to the high-ranked Cheboygan Chiefs, the Vikings lined up to congratulate the big Chiefs and ask them if they are really high school football players.

FIRST DOWN EFFORT—Halfback Ted Methner dives forward in a second effort to gain just enough yardage for a first down against the Cheboygan Chiefs.

BRIGHT SPOT—Viking quarterback Terry Norman cuts up-field on a quarterback keeper and gains long yardage in the third quarter against Cheboygan.

Lloyd and Helen Crawford are pleased to announce that on October 3, 1981, their daughter Becky was united in marriage to David Crawford, son of Rex and Onalee Crawford of Traverse City. The Reverend Robert Haskel officiated at the three o'clock outdoor ceremony at the Lloyd Crawford Residence.

It was a beautiful fall day with Mother Nature cooperating and providing the color.

A reception was held immediately following with guests from Grayling and Traverse City.

The newlyweds are making their home in Traverse City, where both are employed.

by Clara Sorenson

We don't pick a special person too often, but it is in order to mention Laura Olson from the Class of '08 who needed a credit and got it in later years to insure her High School Diploma. Her son Nels had the pleasure of dancing with her during our Homecoming evening. I snapped a picture of her with Clara Sales. Anyone else get one? Call me.

Another person is John H. Peterson, one of our Past Presidents who did his share to establish the Association. He looked great since his recovery from extreme illness.

A "Tip of the Hat" to Ernest Larson, another Past President who came back to the Board and became our Treasurer.

I am not sure how many of our group saw the placemats used by the Class of '41...they were replicas of their Diplomas and a clever centerpiece made by Steve Such (Kathryn Charron's Husband) should be saved for "Posterity". That class must have worked together in High School and that is where it starts!

I apologize for misplacing Marie Akers last week...she is one of our very active Teachers...not a former Teacher...A slip of a word can sink a writer...Plop!

Anyway...a pat on the back to each other...that G.H.S. Diploma puts us all together.

## Middle School Activities

### Interim Grade Reports

Interim grade reports were hand carried home on Friday, Oct. 9, 1981 by the students. The reports were not mailed directly to the parents this year due to the lack of funds for mailing such materials. All students average a C- or below in any subject received a report to carry home. Parents are encouraged to call the middle school at 348-7641 and meet with their child's teachers if there is a concern.

### Thank You

Thank you to the Gaylord State Bank and especially to Bill Ruddy for the delicious apples he brought in for all the teachers to enjoy.

### Basketball

The 7th grade girls basketball team played the Mio girls team on Thursday night, Oct. 9th. The girls played a good game. The final score was Mio - 33, Grayling - 18. Richelle Trudeau was the high scorer. The team is coached by Mrs. Gayle Mills this year.

The 8th grade girls basketball team also on Thursday night, Oct. 9th. The team won over Mio with a final score of 17 to 10. The 8th grade girls team is coached by Dan Ullery this year.

### Post Cereal

The Post Cereal Company is offering a program that will enable the school to receive a wide array of free athletic equipment. The program is quite simple. All the school has to do is collect as many proof-of-purchase seals from Post cereals as possible. The more seals that are accumulated the more free athletic equipment we can receive for our school. You need not buy anything. Just help us collect seals from any of the Post cereal boxes you already have in your cupboard. Please, ask your friends, relatives and neighbors to save these seals for us too. Drop them off at the school office or have a neighborhood child deliver them when he or she comes to school if you don't have a middle school child yourself. Our school appreciates your help and we would like to thank you in advance for your cooperation.

### Science Class

Larry Austin's 8th grade science students are now working with chemicals to produce different types of gas. Our experiments include working with hydrochloric acid, phenol red, lime water and other chemicals. Although the classes are large and the supplies are low we still learn alot and enjoy working in the lab. Right now we are trying to raise money for more supplies by collecting Glen's tapes. Also, we bring half gallon milk cartons to use in place of test tube holders. If any of you have Glen's tapes or half gallon milk cartons, we would really appreciate it if you could give them to the middle school science classes to use. Thank you. ## Vikes Drop 2 League Games

The Vikings' quickness can handle taller opposition on defense, but the Grayling girl's varsity is coming up short on offensive rebounds. The shortage of offensive rebounds helped the Vikings lose two conference games last week to Cheboygan 59-41 and Gaylord 48-40.

Against Cheboygan, the Vikings managed 11 offensive rebounds while their opponents grabbed 32. Against Gaylord, the Vikings picked off only 6 offensive rebounds.

"We're only getting one shot at the basket each time," Coach Marilee Cheney said. "Unless you're shooting exceptionally well, it's going to hurt you."

The Vikings did improve their shooting from the previous week's poor showing of about 21 percent, but it wasn't enough to offset the lack of second shots on offense.

Against Cheboygan, good shooting by Dianne Lee and Heidi Bendig kept the Vikings close. Cheboygan had a 30-20 halftime lead and the Vikings pulled to within

six, 36-30, in the middle of the third period.

"We had the ball and if we could have scored a basket to cut it to four points, we could have kept our momentum going," Cheney said.

Instead, Cheboygan scored two quick baskets and kept a ten-point lead. Lee finished with 18 points, Bendig had 10, and Jean Stevens had 10 rebounds and led the defensive battle against the tall Cheboygan team.

Against Gaylord, Bendig had 12 points, Lee 11, and Jenny Riker had 7 points and 9 steals.

The J.V. team beat Cheboygan 53-33 and lost to Gaylord 43-22 in their first defeat of the year. Against Cheboygan, Kris Laudenslager had 14 points and 8 rebounds, Michelle Barber 5 points and 20 rebounds, Lisa Solomonson 8 points and 5 steals, and Erin Jones had 8 steals. Against Gaylord, Laudenslager had 14 points and 20 rebounds, Stacey Wolcott had 6 rebounds, Barber had 9 rebounds, and Karen Reynolds had 6 points.

**TWO POINTS OFF FAST BREAK**—Shelly Trenary, a sophomore, pulls up at the free throw line to shoot a jump shot while Dianne Lee (11) looks on. Trenary and Lee worked together on this fast break to score two points.

### Bake Sale

### Local Man's Father Dies

Vivan Campbell of Grayling has received word that his father, John Campbell of Independence Missouri, passed away on October 4, 1981.

Mr. Campbell is survived by five sons and one daughter, several grandchildren, great grandchildren and great-great grandchildren.

### Services Held For Burton Dannells, 73

Burton C. Dannells, 73, died October 4, 1981 at Mercy Hospital. Funeral services were held Wednesday, October 7, 1981, at St. John's Episcopal Church in Clinton, Michigan, with The Reverend Russell Cooper officiating. Interment was in Brookside Cemetery in Tecumseh.

Mr. Dannells was born June 21, 1908. He had been a resident of Grayling for 3 years, moving here from Clinton.

Survivors include his wife, Doris; step-son, James Warren of Brooklyn; step-daughter, Mrs. Thomas (Midge) Weatherwax of Florida; a sister; 6 grandchildren and several nieces and nephews.

### Editor's Mailbox

An open letter to the citizens of Northern Michigan:

How much is your life worth? The lives of your children? Do you value life more than a rusty souvenir of a few pounds of scrap metal?

Picking up unexploded ammunition (duds) from Camp Grayling is a very dangerous undertaking which could result in serious injury or death. Stop and think what that artillery round was designed and manufactured for.

Military weapons and ammunition are meant for one purpose - to defeat an enemy by killing him. The ammunition used in training practice at Camp Grayling is just as deadly as that used on the battlefield.

Don't become a casualty or statistic. Don't pick up anything on the ranges. Please call Camp Grayling if you should find an unexploded round and we will have it taken care of by qualified demolition experts.

Sincerely,

### IN MEMORIAM

In memory of our loved one, Chester Hawley, who passed away two years ago, October 15th. He is sadly missed, but not forgotten.

You bid no one a last farewell.

Didn't even say "good-bye".

You were gone before we knew it.

Only God knows why.

God gave us strength and courage, and it was hard to show.

But what it meant to give you up

Beverly E. Burzynski was guest of honor at two bridal showers. One a luncheon was hosted by Nancy Hoffman, Rowena Billsby and Thelma Madsen on August 29th. The second was an evening miscellaneous shower hosted by Rita McClain, Rose Duley and Sally Golinick.

One successful bow hunter was Vivan Campbell. He bagged his four point buck on Friday, Oct. 9th near Alpena.

The Rev. Charles MacMahon returned to Detroit after spending some time as a house guest of Mr. and Mrs. Robert Harrington, Sr. Father MacMahon who is now chaplain at the Henry Ford Hospital, was ordained at St. Francis Episcopal Church in Grayling in 1963 and served three years as vicar at St. Francis. While here he spent time visiting his former parishioners and friends.

Mr. Robert Harrington, Sr. has returned to his home, after undergoing surgery at Henry Ford Hospital in Detroit.

### Lovells Home Extension

On Wed., Sept. 30, a leadership conference for Michigan Association of Extension Homemakers was held at the Holiday Inn at Grayling, with approximately 100 in attendance.

The theme was Learn and Lead. M.A.E.H. President, Marian Terrill gave the opening address. Arvella Curtis was program leader, the morning session devoted to "Long Range Goal Setting" was by Antrim and Charlevoix groups.

Following lunch, the members present participated in the various workshops: Effective Meetings (Getting to the nitty gritty); Group Decision Making; Conflict Management; Teaching Techniques? Motivation (Get 'em Going) and Long Range Program Goals.

Members attending from Lovells Home Extension were Mildred Johnson, Hazel Koernke, Velda Marshall, Betty McGowan, Dorothy Schatte. Sitting in with our group was our economist, Gail Edwards.

### Editor's Mailbox

Dear Editor,

I am writing this to you from Townville in sunny North Queensland, in the land of the outback, Australia. I have been here since January 1981 and am coming home to the USA in December 1981.

The program that I am here with is Youth for Understanding International Student Exchange program which is in operation in over 50 countries worldwide.

Its headquarters are located in Ann Arbor, Michigan, and it is one of the largest non-profit student exchange programs in the United States in an effort to counteract the bitterness and disillusionment during post World War II, since then, YFU has extended to the rest of Europe, South and Central America, and even crosses the Pacific to Australia, Japan and the Philippines.

Now, hundreds of young people learn about themselves, relationships, and other cultures through Youth for Understanding.

Being an exchange student or a host family takes patience, understanding, and a good sense of humor. It also takes a lot of courage to leave home or add a new family member and not know what to expect. Through a series of trial and error, one learns about cultural differences, customs and also a lot about one's own culture. If YFU does anything, it humbles you.

So far I have had an unforgettable time in Australia. It hasn't been all roses, for I had some difficulties, some of which really hurt me and made me learn my lesson. Apart from school, I've been doing a lot of activities. To give you an idea, I've bush danced, ebb sailed, rock climbed, boom netted, scuba dived, snorkelled, hiked, fished, camped, explored

caves, went bush riding, pig hunting, cattle mustering, and many other exciting activities.

Australia is full of beauty that you can hardly imagine—tropical rain forests, the Great Barrier Reef, vast deserts, miles of deserted beaches, cold snowy mountains, big cities, tiny hamlets, and a fantastic diversity of plant and animal life that is all uniquely Australia.

I've also learned a lot about myself and what I am really like inside, what makes me an individual, I've missed a lot of things and people, but if I had the choice to do it again, I wouldn't hesitate to say yes. There is too much that I would have missed out on to not go again if I could.

It's been said many times, "If you only get the chance once, grab it!" And I'm very glad I did. If there's anyone

out there who wants to make the decision to be a host family or an exchange student, probably the best advice I can give is, "If you don't, you'll regret it." As far as I know, high school guidance counsellors usually know who to get in contact with if you are interested. What do you say? Are you game enough?

Sincerely,

Eve Konopnicki,

43 Johnson St.

Aitkenvale, QLD 4814

(Eve is the daughter of Gus and Beryl Konopnicki)

Michele Ann Reynolds and Donald Lewis Rhyner were united in marriage in a double ring candlelight ceremony on Saturday, August 22, 1981 at the Michelson Memorial United Methodist Church. Before approximately 200 guests the Reverend George Spencer officiated at the seven o'clock in the evening ceremony.

Given in marriage by her father, the bride wore a dress of white organza with an empire bodice, full net sleeves, and a cathedral train. Flowered appliques trimmed the noble Queen Anne neckline and bordered the hem and the mantilla veil. She carried a bouquet of white roses, blue carnations, and baby breath.

Penny Nunn was maid of honor, Kaylene Neutko, MaryJo Bonkowski and Wendy Fougner were bridesmaids. They were attired in full length gowns of chiffon over taffeta in shades of blue. They carried bouquets of blue and white carnations and baby breath and wore large picture hats adorned with blue and white carnations.

Dan Forrest was best man, with Scot Reynolds and Keith Reynolds, brothers of the bride, and Lonnie Livingston as groomsmen.

Organ music was provided by Jennie Annis with Carol

Money as the soloist. Musical selections were "I Love You Just The Way You Are" and "I Pledge My Love". The altar flowers were blue and white carnations. A reception followed at Auman's House of Catering.

The bride is the daughter of Mr. and Mrs. Carl Reynolds of Grayling.

The groom is the son of Mr. and Mrs. Wm. Cherry of Catawba, S.C.

The mother of the bride wore a floor length periwinkle blue crepe gown with lace bodice and sleeves with silver accessories.

The couple spent their honeymoon in Canada, visiting Toronto, London, and Niagara Falls before returning to Warren, Michigan where they will be making their home.

The bride graduated from Grayling High School in 1977 and is now presently working for the Bank of Commerce in Warren. The groom is a Sgt. 1st Class in the U.S. Army, stationed at A.F.F.E.S. in Detroit.

Out of town guests were from Traverse City, Petoskey, Lansing, Livonia, Lakeland, Whitmore Lake, Pinckney, Milford, Farmington, Rochester, Royal Oak, Allen Park, Hartland, Detroit, Saginaw, Pontiac, Onaway, and Baltimore, Maryland.

## Attend the Church of Your Choice

# Does the name make a difference?

St. John wasn't his last name — that was French and usually mispronounced. But around Cape Cod, he was known simply as St. John, after his home town in Canada.

His appearance seemed far from saintly. Yet it never seemed awkward calling him that. He loved people. He loved the sea. He loved hard work. Most importantly, he loved his church and God. And his enthusiasm was contagious — somehow you felt better after you'd been with St. John.

It's refreshing and exciting to run into someone who tries hard to put his religion into living and working.

Remember that every day. Then folks might feel that same excitement when they run into you and me. That's something to strive for.

## Seminar

(Continued From Page 1)

The instructor will be a Service Corps of Retired Executives (SCORE) accountant.

This seminar is a joint effort between the Small Business Administration, Kirtland Community College, the Gaylord Area Chamber of Commerce, the Grayling Regional Chamber of Commerce, Houghton Lake Chamber of Commerce, and the Roscommon Business Association, and is intended to serve these geographical areas at this time. The Grayling Regional Chamber of Commerce will serve as the host chamber.

Enrollment is limited to 30, on a first come-first serve basis through advance registration. Registration forms and brochures are being mailed providing further details. Only pre-registrants will be processed. If you have questions, or do not receive a registration form, contact Steven B. Perry, Office of the President, KCC, at 517-275-5121, extension 220.

Kirtland Community College may provide additional or follow up seminars, based on sufficient demand. This program is part of a Small Business Training Network sponsored by the American Association of Community and Junior Colleges.
